About Us.

INTRODUCTION

Welcome to Axiom Business School, an institution committed to quality education and practical learning. With a focus on industry-relevant skills and academic excellence, we prepare students to succeed in the modern world.

VISION

To be a leading institution committed to academic excellence, innovation in learning, and the holistic development of students. Axiom Business School aims to nurture responsible and future-ready professionals who are prepared to meet the evolving demands of the global professional environment. We aspire to create a learning culture that encourages integrity, leadership, and lifelong learning.

MISSION

To provide quality education through practical learning, industry exposure, and continuous skill development. We strive to create a supportive academic environment that empowers students with the knowledge, confidence, and professional competencies needed to build successful careers. Our focus is on developing individuals who can contribute meaningfully to organizations and society.

CAPT. RAJAGOPAL PANIGRAHI
(Founder and Chairperson)

MRS. SUJATA R. PANIGRAHI
(Co-founder and Director)

Meet **OUR LEADERS**

Axiom Business School is guided by the vision and leadership of
CAPT. RAJAGOPAL PANIGRAHI & MRS. SUJATA R. PANIGRAHI

Their combined experience, dedication, and commitment to quality education have played a significant role in shaping the institution's values and direction. With a strong focus on academic excellence, discipline, and student development, they continue to inspire an environment where students are encouraged to grow, learn, and prepare for successful professional careers.

Meet Our Team

A team that works closely with students to guide, support,
and help them grow at every step.

B.C.A.

Duration Program: 3 years

Eligibility: 12th Pass

Fees: Rs. 90,000/- PER YEAR.

B.Sc. in Computer Applications

Program Summary

BCA / B.Sc (Computer Applications) is a 3-year full-time program that builds a strong foundation in computer applications and IT. Students learn programming, databases, web development, and modern technologies through practical and classroom learning. The course includes projects and internships to prepare students for careers in the IT and software industry.

Semester-I

- C programming
- Mathematics
- Computer & Network Fundamentals
- Operating System
- English
- Logic Development

Semester-II

- Object Oriented Programming using C++
- Statistics
- Structured System Analysis and Design
- Principles and Practices of Management-I
- Communication Skills

Semester-III

- Advanced Web Designing
- Database Management System
- Advanced Excel
- Introduction to IOT

Semester-IV

- Advanced Database Management System
- Java Programming
- Software Testing and Quality Assurance
- Content Writing and Technical Writing

Semester-V

- Python Programming
- Linux
- C# Basics
- E-Commerce
- Data Mining

Semester-VI

- Advanced Java
- Android Application Development
- Virtualization and Cloud Computing
- Project

B.Sc. in

DATA SCIENCE & AI

Duration Program: 3 years

Eligibility: 12th Pass

Fees: Rs. 1,20,000/- PER YEAR.

Program Summary

B.Sc. (Data Science & AI) is a 3-year full-time program focused on building a strong foundation in data analysis, machine learning, and artificial intelligence.

Students learn programming, statistics, and modern AI tools through practical and classroom learning.

The course includes projects and internships to prepare students for careers in data science and emerging technologies.

Semester-I

- C programming
- Mathematics
- Computer & Network Fundamentals
- Operating System
- English
- Advanced Excel

Semester-II

- Python Programming
- Statistics
- Structured System Analysis and Design
- Data Mining
- Communication Skills

Semester-III

- Advanced web computing
- Exploratory Data Analysis
- Machine Learning Foundation
- Data Visualization

Semester-IV

- Advanced Database Management System
- Java Programming
- Power Bi
- BigData Technologies

Semester-V

- Machine Learning-I
- Natural Language Processing
- Internet of Things
- Introduction to AI
- Digital Marketing with Data Analytics

Semester-VI

- Machine Learning
- Deep Learning
- Cloud Technology and Security
- Project
- Internship

B.SC. in

CYBER SECURITY

Duration Program: 3 years

Eligibility: 12th Pass

Fees: Rs. 1,00,000/- PER YEAR.

Program Summary

Cyber Security is a 3-year full-time program focused on building a strong foundation in digital security and information protection. Students learn key areas like network security, ethical hacking, data protection, and cyber laws through practical and classroom learning.

The course includes hands-on labs, projects, and real-world case studies to prepare students for careers in the cybersecurity industry.

Semester-I

- C programming
- Mathematics & Statistics
- Computer & Networking Fundamentals
- Practical - C Programming

Semester-II

- Object - Oriented Programming (C++)
- Cyber Security Level - I
- Operating Systems
- Structured System Analysis & Design
- Communication Skills

Semester-III

- Database Management System (DBMS)
- Advanced Web Designing
- Data Structures/Statistics
- Cyber Security Level - II
- Electives

Semester-IV

- Java Programming
- Software Testing & Quality Assurance
- Cyber Security Level - III
- Python programming
- Advanced DBMS

Semester-V

- ASP.NET / Mobile Applications
- Network Security
- Information Security Frameworks
- Linus Administration
- Internship/Minor Project

Semester-VI

- Cyber Law & IT Act 2000
- Cloud Computing Security
- Ethical Hacking
- Major Project

B.B.A.

B.Sc. in Business Administration

Duration Program: 3 years

Eligibility: 12th Pass

Fees: Rs. 80,000/- PER YEAR.

Program Summary

BBA (Bachelor of Business Administration) is a 3-year full-time program focused on building a strong foundation in business and management.

Students learn key areas like marketing, finance, and human resources through practical and classroom learning.
